

13 Feature Folders — React 19 + TypeScript

Mỗi feature: api/ + components/ + hooks/ + pages/ + types/
Quy tắc: Không có cross-feature imports

auth · catalog · cart · checkout · orders
payment · reviews · ai · users · wishlist
content · upload · admin

State Management

TanStack Query v5
(server state · staleTime 5p · gcTime 10p)

6 Zustand Stores + Immer
(auth · cart · chat · catalog · wishlist · ui)

Shared Infrastructure

src/components/
(common · layout · routing · ui · icons · sections)

src/hooks/ (5 hooks) · src/utils/ (13 utils)

API Client — Axios singleton
Request interceptor: đính kèm Bearer token qua getValidToken()
Response interceptor: bắt 401 → handleUnauthorizedError
